Decision in Water Rate Case Due in Several Weeks as Hearing Ends

State Utilities Commission Sets Sept. 1 as Date For Company To File Briefs, City's Due 10 Days Later, Will Clear Way For Ruling on Charges

BY BOB BYRD

Final testimony in the Marion water rate controversy was heard in Columbus yesterday afternoon by the state utilities commission A decision is not expected for several weeks probably not before late September or early October

One of the last witnesses called was city engineer employed by the state utilities commission — gave both sides the most definite indi... cation to date of the trend of testimony in the rate fight

The engineer is Paul ... Weiland who estimated that on the basis of a 12½ per cent rate ca... proposed by city council the Marion Water Co would receive a re... turn of 3.6 per cent on the invest... ment If the present rates were continued the company would re... ceive a return of 3.34 per cent he testified.

His testimony was regarded as significant in view of the fact the commission in the past has looked with favor on a rate of return of approximately six per cent for utility companies Further... more he was called as a witness for the water company but for the committee who ordered him and other engineers to make a study of the water rate situation here in view of ... cit a de sire to have an impartial ... made

Brief Dates Set

The commission yesterday gave the Marion Water Co until Sept 1 to file its brief and allowed the city a week or 10 days after that date to file a reply brief filing the briefs will clear the way for a decision by the commission

The case is before the ... on appeal of the company's appeal from a 12½ per cent rate reduction im... posed by city council The company has not asked for any... thing more rate but merely has before itself against the proposed reduction

Meanwhile the water rate fight neared its final anniversary the city's proposal having been con... tested last July 30 by the water company The city's rate ordinance in force a two-year period and in view of the fact one year of the time has already elapsed the city faces prospects of a new rate problem a year from now unless the commission arbitrarily fixes a rate for a longer period than the one proposed by council

The taking of testimony was finished yesterday shortly after 2 p m after the commission's engi... neers had completed reports of their findings in an inspection of the Marion plant and after water com... pany witnesses had been called for brief rebuttal testimony

The last two commission engi... neers to testify were William and W H C Grant the latter limiting his brief testimony to the cost of structures owned by the com... pany

VOLUNTEERS ORGANIZED

Soldiers at Tientsin Ready To Keep Railroad Open to Eastern Port

By The Associated Press
The 15th United States Infantry stood by under full war packs at Tientsin today to defend the American concessions if Sino-Japanese fighting is carried into that city

While tension between Japan and China brought new fighting in the North China area American business men at Tientsin organized a volunteer company started to drill and selected squads to build forti... fications

Taking a grave view of the sit... uation the United States consulate had asked that the company be formed to reinforce the regular army garrison

Besides protecting American in... terests in the city the 15th In... fantry was ordered to keep open the railroad to the eastern seaport of Chinwangtao

What observers believed was a determination by Japanese to wipe out positions held by the 3 th Chi... nese division in the Peiping area and a decision to attack other strategic points also left British French and Italian authorities to prepare protection for their na... tionals

The Japanese commander south of Peiping threatened another and more deadly blow against the Chinese

Japanese destroyed Chinese bar... racks with an artillery bombard... ment in a general attack yesterday against Wanpinghsien just north of the Marco Polo bridge west of Peiping

Japanese answered reports that a number of civilians were killed in the bombardment by saying they had been warned to evac... uate the area.

Unconfirmed reports said Chi... nese forces attacking positions held by Japanese were riddled by ma... chine gun fire

The Japanese cabinet in Tokyo determined to enforce by guns what it declared was the surrender of North China officials to de... mands for extended Japanese in... fluence in the area. The privy coun... cil approved the attack on Wan... pinghsien

At Peiping Chinese sources said the Chinese military has agreed with the Japanese on a mutual withdrawal of troops from the Wanpinghsien area. The 37th Di... vision of the 29th Chinese army withdrew to Papaoshan today leav... ing Wanpinghsien garrisoned by gendarmes.

FOES OF COURT BILL TO DRAFT NEW MEASURE

Substitute for President Roosevelt's Packing Program Planned

LEADERS MEET PRESIDENT

Will Deal Only With Changes in Operation of Lower Courts

By The Associated Press
WASHINGTON July 21 Senator Wheeler Democrat of Montana after a conference with Vice President Garner today said opponents of the Roosevelt court bill would draft a compromise dealing only with the lower courts and submit it to the administration Supreme court enlargement would not be touched

The staff of opponents of Supreme Court Justice Hugo L Black met with Garner at the Capitol and Wheeler took place in the Majority leader's office at the same time as Senator Barkley of Kentucky the new Democratic leader and Senator Harrison of Mississippi his defeated opponent were at the White House for luncheon with the President

After the conference with Garner Wheeler said he was going to call opponents of the court bill together to see if we can work out a proposal for revision in the lower courts and submit it to the administration for their consideration

He would not disclose the nature of his conference with Garner but it appeared that the move to draft a new bill was made at the vice president's suggestion

First Hint of Plan

Wheeler's statement was the first hint that the foes of the bill will submit an alternative to the presidential program

The foes said meanwhile that administration leaders had agreed to lay aside the pending court bill until next week to give them a chance to work out another bill Later they said it will be decided whether to send the administration bill back to the committee or make the substitution on the floor

Wheeler told reporters faith there was no doubt his group had enough votes to recommit the present bill He served notice they would agree to no compromise which would increase the size of the supreme court

Harmony was the word as ken most frequently chosen by those coming out of the closed party caucus which elected Barkley to lead the progressives there

What sort of settlement of the court issue would produce lasting unity in Democratic ranks" how... ever remained to be worked out by the new leader and his asso... ciates

There were reports emanating from opponents of the court bill— that the administration might scrap those portions of the measure which provided for adding new jus... tices to the supreme court

There were other rumors equally unconfirmed to the administration quarters that the President had given Vice President Garner broad discretion to settle the court dis... pute in the best way he can

Modification Expected

A shift of voting strength tent... tative to the reports that a modification of the court bill was imminent June before a confer... ence yesterday between the Presi... dent and senate leaders includ... ing Garner and Barkley seven Democratic senators all but one hitherto uncommitted on the bill, were reported to have advised Garner they would vote to recom... mit the measure unless the issue was settled speedily

Barkley, refusing to comment on the court bill situation was ex... pected to begin immediate confer... ences with colleagues and probably President Roosevelt in an effort to unite the two factions of the party in the senate again and settle the court issue

Barkley who was assistant lead... er under the late Senator Robin... son of Arkansas, has been a strong supporter of the Roosevelt court measure, but he told some of the opponents of the bill, during the leaders ip contest, that they would be able to work out a settlement if he were chosen

Judge Decides Prisoner's Plea Hardly Practical

A prisoner who wanted to serve a workhouse sentence over week ends had his mind changed for him yesterday afternoon by Municipal Judge William R Martin

Carl Crissinger 23 of Caledonia requested that he be allowed to spend week ends in the workhouse after he pleaded guilty to a petit larceny charge in connection with the theft of a hog trough and three pigs from the Omer Hawk farm near Morral Crissinger ac... cording to his confession to sher... iff's deputies admitted stealing the trough one day returning the next night to take three hogs to go with it.

Judge Martin replied that Crissinger's request hardly was prac... tical in view of the sentence which he pronounced as 30 days a $200 fine and costs Sheriff's deputies estimated the fine and sentence would require five months' steady "attendance" at the workhouse and that a matter of years would have been involved under the "week-end" arrangement.

Crissinger was taken to the workhouse this morning by Sheriff Fred F Miller He is a former Marion resident.

The deputies said Crissinger ad... mitted stealing the pigs from the Hawk farm as well as two others from one of the Carlisle farm on the Fulton-Chesterville road south... east of Mt. Gilead C E. Ault lives on the Carlisle farm from which the pigs were taken

The five pigs and the hog trough were recovered at Caledonia Sun... day by sheriff's deputies and have been restored to the owners.

TRUMAN PLEA TURNED DOWN

Motion for New Trial in Numbers Case Overruled by Judge Martin

APPEAL PLANS MADE

Will Go to Higher Courts At torney Says, Sentence Set for Tomorrow

Motion of Judge William R Martin to affect no correction in motion for a new trial for S W (Slim) Truman charged with pro... moting the numbers game in Mar... ion at pet time was overruled by the Judge yesterday. In de... cision of the court followed ap... proximately 20 minutes of argu... ment by Paul D Smith attorney for Truman and City Solicitor Ralph J Carhart

Mr Smith said following over... ruling of the motion he will carry the case to the common pleas court with the next few days and if the ruling stands against him he will go to the Third District court of ap... peals and possibly the state su... preme court

The motion for a new trial con... tains five specifications all in... interest ... ...ertion that the ... ...ence ... ...ed with Mr Smith for the defendant

One of 10 Arrested

Truman was found guilty fol... lowing a one day trial early last month before Judge Martin He was one of 10 persons arrested in connection with a raid on a bank in Bucyrus Ohio He was ar... rested at the home of his wife on Wood Center street later

Mr Smith opened his statement with a recital of a definition of lottery as contained in a similar case in the fourteenth district court He said three elements must be proved by the state for a con... viction a consideration given to the operator a prize and the win... ning of the prize which must be determined by chance

Example Cited

He described the case of Frank Budak of Youngstown charged as is Mr Truman and said that in this instance the state showed the defendant actually was a numbers operator employing writers and pick up men and that money had changed hands between specific persons

Mr Smith said that in the Tru... man case there is insufficient evi... dence to prove all three of the elements

"There is no evidence that the defendant managed the numbers game at the very best," he said "There is only an intimation that he had anything to do with it There is nothing shown of a spec... ific sale of numbers in evidence, no specific time of a sale set forth In fact, the record does not even show that there was any gambling, and there must be some gambling or there can be no con... viction"

At this point Mr Carhart stated

WINS BY 1 VOTE IN DEMOCRATIC CAUCUS POLL

Named Successor to Robinson on Second Ballot After 37-37 Tie

HARRISON IS DEFEATED

New Leader Given Backing of Friends of Roosevelt Court Bill

By The Associated Press
WASHINGTON July 21 Senator Barkley of Kentucky won the Democratic leadership of the senate today in a close contest

The vote was 38 to 37

Barkley who served as assistant to the late leader—Joseph T Robinson of Arkansas—was chosen by the senate's 75 Democrats over Senator Harrison of Mississippi

Barkley was supported by most friends of the Roosevelt court bill Harrison had the backing of those against that measure

The election took less than an hour There were two ballots but a tie vote on the first Harrison then moved to make the selection unanimous

Before the meeting broke up Barkley made a brief speech in which he promised to support Democratic policies and work for the nation and the party He was cheered by his colleagues

The Democrats then filed past and shook hands with the hard of hearing Harrison who stood still at his side

Speaking into a radio micro... phone Barkley expressed his grati... tude for the honor accorded to me and expressed confidence "we will all be able to work together"

He said the friendly nature of the contest clean through it was typical of party unity

Senator Harrison following Barkley on the radio said he had just congratulated the victor and said "We are all going to work for harmony in the Democratic party"

Barkley gave out a brief state... ment saying

"My policy is to be representative of the administration as well as the senate in working out to the best of my ability the problems that face the party the administration and the country"

The first ballot counted decided the contest senators said

Up to the last vote the two candidates were tied at 37 to 37

When the deciding ballot was announced there was a burst of applause

Mark Ballots on Cards

The white cards were passed among the secretaries for the bal... loting Each wrote the name of his choice upon one They were collected by a committee Then they were examined individually and the votes were called out one by one

Listening excitedly the senators kept a rough tally of the vote as it proceeded The high point of tension was reached when with one more vote to be called the count stood at 37 to 37

Senators in the caucus said the court bill fight was not mentioned

Barkley opened the meeting with a brief statement of the purpose and then turned the chair over to Senator Pittman Democrat of Nevada the senate president pro tem

Senators said there were two roll calls one to register those present and another as the senators dropped their written ballots

The only absentee was Senator Bankhead, who went to his Jasper Ala home last week because of his wife's illness

Senator Hayden of Arizona who left the Naval hospital to attend was applauded as he cast his ballot

Harrison showed no sign of disappointment as he stood beside Barkley to shake hands with the

DROP RESISTED BY FEW STOCKS

Carriers and Specialties Show Stamina in Face of Declines.

By The Associated Press

NEW YORK, July 21—Carriers and specialties displayed stamina in the face of declines of fractions to a point or more in other sectors of the stock market today.

Shares received without outward show of emotion the news Senator Barkley of Kentucky had won by a close vote Democratic leadership of the senate. He is regarded in Wall Street as President Roosevelt's choice for the post.

Ahead fractions to a point or so were American Locomotive, Du Pont, Collins & Aikman, Santa Fe, New York Central, Pennsylvania, Goodyear and Deere. Chrysler recovered after an early dip and went to a new high for the current move.

Down fractions to a point or more were U. S. Steel, Bethlehem, General Motors, U. S. Rubber, Anaconda, American Smelting and General Electric.

Corn was lower, wheat narrow. Bonds were narrow and off.

In the financial community attention was focused on news from the steel industry as trading opened.

Despite substantial backlogs in some products the seasonal lull in new business is beginning to affect operations, "Iron Age" said.

"However," the survey said, "there are indications the low point of summer buying has been reached, and there is evidence of an upward trend in orders at Chicago, largely accounted for by automobile buying for new models."

CLEAR RIVER FOR BOAT RACE

Electric Co. Volunteers Aid in Trimming Trees To Improve View.

Marion city and county motorboat enthusiasts yesterday were busily engaged in preparing the course and site for the second annual regatta to be held on the Scioto river, a mile south of Newman's bridge, Sunday afternoon. Members of a crew of tree trimmers from the Marion-Reserve Power Co. volunteered their services in helping to prepare the regatta grounds.

Trees along the river bank where the racing course is located are being trimmed to give spectators a maximum view of the speedboat events. Members of the Scioto Yacht club, which is headed by Commodore Pearl Thatcher, are directing the work of cleaning the river, removing objects that might hinder the racers. The Scioto Yacht club will man boats to patrol the river during the races Sunday.

Ample parking space in nearby fields and a public address system with nine loudspeakers will be provided through the efforts of the sponsoring organizations, Marion County Volture of 40 et 8 and the Marion Outboard Racing association. The first race Sunday is set to begin at 2 o'clock and the program will continue for approximately three hours.

An advance sale of tickets is being conducted by members of the sponsoring groups and they may also be obtained at Markert & Lewis, Beaver & Hudson or Bartlett's drug store in the uptown district. Children under 10 years of age when accompanied by their parents will be admitted free, officials in charge of the races announced.

In Ohio History

(From the J. H. Galbraith collection of Ohio histories, written for The Associated Press.)

EPHRAIM CUTLER

Ephraim Cutler, whose father led a movement to found Marietta, was not born on the mainland of the United States. Edgartown, still the principal city on Martha's Vineyard island, which is a Massachusetts county, was his birthplace. His father, Manasseh Cutler, was a minister.

Ephraim did not move to Ohio until seven years after his father had founded Marietta. On June 15, 1795, he started with his wife and children for the western country. Falling in on the way with the families of the Putnams, it proved a difficult journey.

In 1801 he was elected a member of the territorial legislature, and a delegate to the convention that formed the first constitution of the state.

CHANGE IS MADE IN TOWNSHIP ELECTION

Trustees' Terms and Ballots Revised Under Provisions of New Law.

Several requests for information concerning the status of the 15 township trustees and 15 township clerks in Marion county as a result of a new law changing the length of terms have been received at the board of elections, C. G. Ritzler, deputy clerk, said today. This week he received a copy of the new law, passed in April, and effective in the November election.

It provides that in each township this fall two trustees shall be elected for four years, the third trustee for two years and the clerk for two years.

Two years from this fall, the situation will be reversed with one trustee being elected for four years, two for two years and the clerk for four years. Four years from now the situation will be the same as it is this fall with the exception that no clerks will be elected.

All the trustees and clerks now in office are facing reelection this fall, their terms expiring Jan. 1, 1938, Mr. Ritzler said.

The township ballots will have three separate spaces for the four-year and two-year trustees, who will not be opposed to one another, and the clerks.

Several persons are reported to be circulating petitions to have their names placed on the rural ballots.

TRAXLER SHOT, AID KILLED BY FARMERS

(Continued from Page One)

Nell Traxler, was held in jail at Durant, the escaped Texas convict fought desperately to get out of the rough country where officers had driven him after her capture.

After racing through Durant at terrific speed, Traxler cut a zig zag trail through the town of Armstrong, then wheeled east to Caddo. State patrolmen said they passed through a back alley in Caddo at a speed of about 85 miles an hour.

Traxler's wife said she believed he never would be taken alive.

Circle Around Fugitives

The posse, numbering both Texas and Oklahoma officers, began a giant encircling movement, flinging a cordon of armed patrols along roads and through the underbrush and timber of an area about 12 miles in diameter in which the desperadoes are believed hiding.

Traxler's companion, described by Mrs. Traxler as "Fred," is believed to be Fred Hilol, who with Traxler and seven others broke from the Huntsville, Tex., prison farm July 8.

Bloodhounds from McAlester, Okla., penitentiary took up the hunt at the scene of the gun battle.

Three officers, Deputy Sheriff J. R. McLaughlin and Jim Blaner of Bryan county and Constable Green Beame of Kingston, Okla., came upon the two prison breakers and Mrs. Traxler at the dead end of a little used Washita river bottoms road.

The officers opened fire, riddling the Traxler car.

"Pete told me I'd better run," Mrs. Traxler said after her capture, "but when the firing began, I fainted and when I woke up Pete was gone and officers were gathered around."

The two fugitives jumped from the machine and ran into the timber. Other members of the posse tracked Traxler and his companion in the soft earth of the river bottom a short distance, then lost the trail. Townspeople withdrew when the desperado boldly drove up the main street of Verden, Okla., got his wife, loaded her into the car, halted at a filling station, bought gas and sped southward.

E. L. Harvey, Verden peace justice, spread the alarm. He said officers had been hiding in his office, across the street from Mrs. Traxler's apartment, for a week but had given up the watch two days ago.

The peace justice was sweeping the sidewalk when Traxler drove up to get Mrs. Traxler yesterday morning.

"Yep, there he is," I said to myself," he related afterward, "but I didn't say it very loud or stay out there.

"Me give chase to those guys? Ha, me with a .22 rifle and one shell—the only chase I gave was to chase myself right back in the office. I think too much of my skin to get it shot off."

Undersheriff G. G. Murphy said Mrs. Traxler told him they drove from Verden to Denison, Tex., ate dinner and then went to Sherman.

"We ran into some officers at Sherman and they fired on us," she told Murphy, "but we got away."

PAROLE SEEKER'S CONDITION "GOOD"

By The Associated Press

COLUMBUS, O., July 21—Hospital attendants reported early today that the condition of Kenyon V. Painter, former Cleveland banker serving a penitentiary sentence for misapplication of bank funds, was "good." Painter, suffering from a heart ailment, was taken to the hospital only three weeks after admission to the penitentiary.

Gov. Martin L. Davey has received from Dr. Willis B. Merrill, acting prison physician, a recommendation for a sick leave parole for Painter.

Eleanor Jarrett Denies Romance With Billy Rose

Shapely Swimmer Asserts Promoter Doesn't Figure in Divorce Talk.

By The Associated Press

CLEVELAND, July 21—Vivacious Eleanor Holm Jarrett, who nearly scuttled the Olympic boat and then rocked her own marriage ship, said today after having a second discussion with her singing husband, Art Jarrett, about a divorce.

She promptly denied rumors of a romance with Billy Rose, producer of the kaleidoscope lakefront show where she swam before a capacity audience last night to the tune of "Happy Birthday to Love," with:

"What has poor Billy got to do with it?"

The 23-year-old backstroke champion, who explained that original discussion was confined to the "calm conversation of two people interested in their futures," said she was making a new telephone call to her husband at the Dallas exposition.

"I'm going to call up Art and talk to him further," she said.

"It would be very ungallant on my part," Jarrett commented, "to make any sort of comment. Situations like this are extremely personal and require considerable tact."

Mrs. Jarrett, vexed at the stir created by her marital affairs, said she had "nothing to add" to her statement that "we had a calm discussion on the phone about working apart all of the time."

Rose, who asserted in New York "I am married to Miss (Fanny) Brice and I intend to stay so," was expected by officials at the Great Lakes exposition to return to his Cleveland show "within a few days." Miss Brice, the stage comedienne, was in California but could not be reached.

The gracefully proportioned Eleanor played to a standing room only crowd last night in the four-act production.

She drew applause as she appeared first in a bespangled blue bathing suit in the arms of Bob Lawrence, baritone formerly with Paul Whiteman's orchestra.

As the orchestra played "Happy Birthday to Love," she used the methodical distance-eating strokes which gave her a place on the 1928 American Olympics team at the age of 14—the same strokes which a champagne-drinking crinoline on her German-bound liner kept from the 1936 Olympics.

It was an $1,800 diamond ring which she wore in Cleveland Saturday which started the discussion about her and Rose, she guessed. But she vehemently declared "I bought the ring a year and a half ago with my own hard earned money."

OHIO FEDERATION TO PUSH LABOR DRIVE

By The Associated Press

DAYTON, O., July 21—The Ohio Federation of Labor set out today on a program of worker education, calling on national and state educators to address the 63rd annual federation convention here next Monday.

William Green, president of the A. F. of L. and a native of Coshocton, also has been invited to speak.

The convention will meet without 67 locals which have been expelled for supporting the Committee for Industrial Organization. Thomas J. Donnelly, state federation secretary, said he did not expect the question of the expulsion to come before the convention. The ouster automatically deprived the locals of seats at the meeting.

KENTON MERCHANT TAKES OWN LIFE

Lewis Morgenroth, 66, Found Dead at Home by Painter.

Special to The Star

KENTON, July 21—Lewis Morgenroth, 66, retired Kenton merchant, took his life by shooting himself through the head with a 22 caliber revolver shortly before 5 p. m. yesterday at his home here.

Coroner Kenneth W. Preston gave a verdict of suicide as a result of melancholia and despondency over domestic affairs. His body was found by Jack Kelly, a painter and paperhanger, who had recently completed some work at the home, when he returned for some tools. A note giving the time of the suicide and naming a funeral director were found by the police and coroner.

Mr. Morgenroth was born in Kenton, April 1, 1871, and for many years was associated with his father and brothers in operating a women's ready-to-wear store here. Surviving are the widow, Mrs. Isabelle Morgenroth of Kenton, a daughter, Mrs. Marian Robinson of Hollywood, Calif., a son, Charles Morgenroth of Kenton, and two brothers, Ben and Jay, also of Kenton.

Private funeral services will be held Thursday at 4 p. m. at the Schindewolf funeral home. Rev. H. E. Pfister will officiate and burial will be in Grove cemetery.

STATE BUDGET LAW AS GOVERNOR SIGNS

(Continued from Page One)

lgan on business and could not be reached for comment.

The governor's signing of the appropriation bill made possible resumption of the state's financial transactions, which have been practically at a stand-still since expiration of a $20,000,000 partial appropriation bill July 1.

Most of the state employes have gone unpaid since then, and the auditor's office said workers in welfare institutions had received no checks since June 1.

As the law became effective, the auditor's office began writing pay roll checks totaling more than $650,000.

Besides deleting the senate's $50,000 provision for its investigators, the governor struck at the opposition-controlled upper chamber by vetoing its entire appropriation of $40,000 for regular committees. His action did not affect the legality of previous committee expenses but apparently left the senate without funds after today. Cuts in senate funds totalled $118,000.

"Any one would have to be unbelievably credulous to think such investigations could possibly be fair," said the governor of the senate probes. "In their very nature they spring from political animosity, personal ambition and self-seeking partiality. * * * In fact the resolutions themselves are unconstitutional, because they do not come within the call for the special session."

The veto will not retard the investigations, Lieut. Gov. Paul P. Yoder had said earlier, declaring committee members and assistants would pay their own expenses.

Will Borrow Help

The committee also planned to borrow clerical help from the state auditor's office, Yoder said, a program apparently made possible by Governor Davey's veto from the budget bill of a provision barring future transfers of employes between departments without carrying them on the payroll of the division where they actually worked.

"It was not within the terms of the call for the special session and is therefore unconstitutional," said the governor of the provision, aimed at the administration's asserted practice of using the highway and other large departments' payrolls for appointees who were immediately transferred to other offices.

The house of representatives also felt the veto slash, which cut off committee funds and reduced other funds, reductions totalling $55,000.

State universities and colleges, severely cut in appropriations two years ago, suffered only minor reductions this time and most of them received more than was asked in the executive budget. Final cuts included Ohio state $36,000, Ohio university $74,000, Kent state university $26,000, Miami $20,000 and Bowling Green $30,500.

The allocation for the state board for vocational education was reduced $21,500 and the Ohio Soldiers' and Sailors' Orphans Home $16,000. Appropriations deleted entirely included $1,500 for the National Road Builders association convention, $10,000 for the Cleveland American Legion foundation, and $6,414 for the commission for recodification of conservancy laws.

VETS' CONVENTION DELEGATES NAMED

Delmer Twigg and N. V. Foreman were named delegates, and Fred Miller and E. W. Koeppen alternates to the national convention to be held in Columbus the week of Aug. 1, at a meeting of Marion Chapter No. 22, Disabled American Veterans of the World war, last night in the veterans' room at the Armory.

In order to conform to regulations of the national organization the chapter voted to open its fiscal year July 1 instead of Jan. 1, as has been the custom. In keeping with the change new officers will be elected at a special meeting July 27. Announcement was made that a new set of flags would be purchased with funds raised through voluntary contributions of the members.

MARCONI AND HIS SECOND BRIDE

THOUSANDS VISIT BIER OF MARCONI

Widow of Wireless Inventor Grief Stricken: Burial Friday Morning.

By The Associated Press

ROME, July 21—The grief-stricken Marchesa Guglielmo Marconi knelt in private services beside the bier of her world-famous husband today as Rome prepared solemn last rites for the genius who invented wireless telegraphy.

An intimate mass for members of the inventor's family was said in the Royal Academy's Galatea room where Marconi's body lay in sombre state surrounded by double rows of blackshirt Fascist guards.

As the Marchesa in deep mourning arrived at the academy, throngs gathered along streets the funeral college was to pass on the way to state funeral services in the Church of St. Mary of the Angels.

The inventor's widow was accompanied by her mother, Countess Dezzi Scali, and by her step-daughter, Gioia Marconi, the 17-year-old daughter of the inventor by a previous marriage.

The three women knelt near the blue-uniformed body lying on a pall of green leafs and flowers, quietly weeping during the ceremony.

Arrangements were made for Marconi's body to lie in state an additional day after the state funeral services in order that more may add their tribute to those expressed by thousands who have filed silently by the bier.

The body will lie in state tonight and tomorrow, and then will be borne by train to Bologna for burial Friday morning.

Romans of high and low estate came in the early hours of the day and stood in solemn lines waiting for the chance to pay a final tribute to the inventor.

The famous scientist died at the age of 63 at his residence here early yesterday of heart paralysis. The world joined his homeland in mourning. In Italy and other countries, on the radio he helped make possible, the lilt of popular music was stilled to make way for tributes to his memory.

The highest Italian dignitaries, including emissaries of King Vittorio Emanuele, turned out today to escort Marconi's funeral cortege or salute it in its passage from the academy to the Church of St. Mary of the Angels.

FOES OF COURT BILL DRAW NEW MEASURE

(Continued from Page One)

cus. "I think there will be a good spirit and smooth cooperation in the party from now on.

In addition to reports circulating on Capitol Hill another hint of compromise was seen in the delay of Senator Wagner, Democrat of New York, in replying to the appeal from Governor Lehman of New York that he come out against the bill.

Wagner was expected to issue his reply today.

Senator Harrison of Mississippi, the leadership candidate in addition to Barkley, as well as the Kentuckian accompanied Vice President Garner. Shortly before he went to the White House to go over the situation with the seven Democrats reported to be turning against the pending bill.

Those who talked with Garner were Senators Herring of Iowa, Johnson and Adams of Colorado, Bulow of South Dakota, Andrews of Florida, Overton of Louisiana, and Brown of Michigan. All had been non-committal but Herring, who was publicly for the bill.

Senator Russel, Democrat of Georgia, held a preliminary conference with the other seven and was reported to have taken the same position—that he would vote to recommit the bill unless the way could be cleared soon for other legislation.

Friends of the bill conceded that if all eight senators voted to send it back to the judiciary committee, the proposal would carry.

There were hints from the White House earlier yesterday of a possible willingness to compromise. But no one was able to suggest a compromise—aside from a constitutional amendment—which would quell the opposition and permit a speedy disposition of the issue.

PRESIDENT PARDONS TWO CLEVELANDERS

Were Convicted of Warren Mail Robbery Now Attributed to Karpis' Gang.

By The Associated Press

WASHINGTON, July 21—Unconditional pardons went today to Anthony Labrizetta, 31, and George Sargent, 30, of Akron, O., who had served one and one-half years in the Cuyahoga County, O., jail as participants in a $129,000 mail robbery now attributed to the Karpis gang.

Labrizetto and Sargent were released at noon today. The pair was described as being "overjoyed" at their pardon.

President Roosevelt, acting late yesterday on the recommendation of Attorney General Cummings and federal pardon Attorney Daniel M. Lyons, did not announce his reason for giving the pardons but informed sources indicated evidences showed the pair innocent.

Alvin Karpis, serving a life sentence in Alcatraz prison on kidnaping charges admitted taking part in a mail train robbery near Garrettsville, O., of $34,000 in currency and $11,650 in bonds which federal agents said was similar to the robbery of a mail truck driver at Warren, O., for which Labrizetta and Sargent were convicted.

Several witnesses identified them at the trial although both had witnesses to testify that they were 30 or 40 miles from the scene of the robbery when it was committed.

FOREST MAN GETS COLLEGE POSITION

Special to The Star

FOREST, July 21—Willis Bash of Forest who taught vocational agriculture at Rawson the past year has been awarded a position of assistant instructor by the Michigan State College of Agriculture in the animal husbandry department.

Mr. Bash is a former graduate of Forest rural school and of the Ohio State university, winning a scholarship to Ohio State in 1932.

9 WIVES—9 YEARS

George Roediger, "Marrying Butcher" of Winnipeg, Canada, is pictured just before he started off to serve nine years in a Canadian prison for bigamy. Police say he married nine women in eleven years. He was deported from New York to Winnipeg after serving two years in the U. S. on bigamy charges.

CCC APPLICANTS TO BE EXAMINED

17 From Marion County Going to Mansfield for Test Friday.

Seventeen Marion city and county youths will be taken to Mansfield Friday at 8 a. m. for examinations preparatory to enrollment in the civilian conservation corps, Walter S. Guthrie, deputy CCC selecting agent for the county, announced today.

The county's allotment for this enrollment is 15, but all 17 applicants will take the examination, two as alternates. Another enrollment, the third this month, is expected to be authorized for July 30. Applications are being received from unemployed youths between the ages of 17 and 23.

Youths accepted after Friday's examination will be sent to Ft. Knox, Ky., for a week's training. The CCC camp to which they will be assigned has not been designated. Sixteen youths from the city and county were accepted last week and will be employed in CCC camps in California. Applicants need not be of relief families to obtain an appointment, the only qualifications being that they must be unemployed and not have passed their twenty-fourth birthday anniversary.

24 HURT IN CRASH OF ROLLER COASTER

Three Seriously Injured in Mishap in Chicago Amusement Park.

By The Associated Press

CHICAGO, July 21—A speeding roller-coaster train hurtled down a steep incline into the rear of an uncontrolled train at Riverside amusement park last night, injuring 24 of the terror stricken riders and causing a panic among onlookers.

Witnesses said a train of four cars was near the top of a "hump" when it stalled and started backward. Passengers gasped, then screamed as the train increased its speed and coursed part way up another incline.

A second train appeared at the crest as the loose cars rocked back and forth at the bottom of the dip, 10 feet from the ground. As terrified passengers stood on seats, tried to scramble to the ground or grasped for supports, the oncoming train plunged into the cars with a sickening crash.

The impact wrecked the rear car of the first train and the front car of the second. The noise brought hundreds of merrymakers to the scene. Hysterical women frantically dashed to the roller-coaster to determine whether their children were in the wreck.

Only three persons were reported seriously injured. Most of the riders, suffering cuts and bruises, were released after treatment at a nearby hospital.

CROSSING CRASH KILLS 4 OHIOANS

Fast Pennsylvania Train Strikes Car at Salem.

By The Associated Press

SALEM, O., July 21—Columbiana County Coroner Alfred Devon investigated today a train-automobile crash in which two men and two women were killed.

The accident, which occurred last night, involved the Pennsylvania railroad's fast Cleveland-Pittsburgh flyer.

The victims, all Salem residents were:

Homer Silver, 24, son of a prominent family; Kenneth White, 26; Mrs. Helen Laubacher, 28-year-old widow, and Mrs. Dennis DeWalt, 28.

The demolished automobile was carried nearly a block by the train. All occupants were dead when the train crew and others reached them.

The locomotive was crippled by the crash and the train was delayed nearly an hour while another engine was obtained from Alliance.

Silver was the son of Albert R. Silver, identified with the Quaker City Foundry Co. here.

"SCOTTSBORO CASE" GIVEN TO JURY

By The Associated Press

DECATUR, Ala., July 21—The "Scottsboro case" was delivered today to a jury for the tenth time in six years, but there was no demand for the death penalty as made by the state in all the previous trials.

Judge W. W. Callahan completed his charge this morning in the case of Andy Wright, and the jury retired to weigh the evidence in the case.

BELLEVUE RALLIES FROM FLOOD LOSSES

By The Associated Press

BELLEVUE, O., July 21—Officials of this flood-damaged city predicted today that the last of its stagnating waters would be pumped into drainage ditches by the end of the week.

At that time, streets which have been closed for more than three weeks will reopen and scores of families driven from their homes will return to make them habitable.

BOX OF BULLETS CLUE IN SLAYING

Find Cartridges Near Home of Murdered Physician.

By The Associated Press

PROVIDENCE, R. I., July 21—A box containing 17 .45 caliber automatic pistol cartridges, the same type which killed Dr. George W. Webster, obstetrician, at his home early last Friday, was found beneath the stoop of a house in the immediate vicinity of his home last Monday afternoon, Deputy Supt. James J. Cusick announced today.

Cusick declined to reveal the street or house where the bullets were found.

Police checked the serial number of the cartridge box with the manufacturer, the Remington Arms Co. of Bridgeport, Conn., and found that five boxes of the series were sold to the Iver-Johnson Sporting Goods Co. in Boston, Cusick said.

A detective found that three of the boxes had been sold prior to the slaying of Dr. Webster, but the company was unable to give the name of the purchaser.

CIO SUIT AGAINST GOV. DAVEY RESUMED

Stark Co. Officials Move To Exclude Their Testimony in Hearing.

By The Associated Press

COLUMBUS, O., July 21—An effort to exclude testimony regarding Canton and Stark county officials from the Committee for Industrial Organization's suit against state use of troops in the steel strike failed at least temporarily today.

City Solicitor Paul Weber, representing Mayor James Saccumbe of Canton, an County Prosecutor A. C. L. Barthelmeh, acting in behalf of Sheriff Joseph T. Nutt moved that the testimony be excluded because they had not had the opportunity to cross-examine witnesses who appeared last week.

Federal Judge Mell G. Underwood took the motion under advisement. The hearing resumed today after a five-day recess.

Joseph M. Morton of Massillon resumed his testimony as a CIO witness.

Under cross-examination of Charles Finnegan, personal attorney for Gov. Davey, Morton was asked if he recalled saying during a discussion of a court order regarding picketing:

"To hell with Judge Graham. To hell with your courts. I'll put as many pickets out as I damn please."

Morton denied making the statement.

ORDERS LICKING CO. GAMBLING CLEANUP

By The Associated Press

NEWARK, O., July 21—Common Pleas Judge Frank G. Slabaugh today instructed Sheriff L. D. Hague and Curtis Berry, Newark chief of police to halt all gambling in Licking county by 9 a. m. Friday.

His move was aimed apparently at Buckeye Lake resorts, where reports have been current that hundreds of dollars are poured daily into slot machines.

Judge Slabaugh's order also placed a ban on bingo games, "numbers houses," bank nights at theaters, horse race book-making and pin ball games.

STRIKE AT RADIO STATION IS ENDED

By The Associated Press

CINCINNATI, July 21—Employes of radio station WPAY at Portsmouth, O., returned to their posts today with differences marked by a 30-hour strike ironed out in a national labor relations board conference.

Harry Doll, sub-regional director for the committee for industrial organization, said the agreement called for wage increases, a 44-hour work week maximum, vacations with pay, establishment of seniority rights, and means for settling future disputes, and the return to work of all employes.

WELFARE DIVISION BUYING QUESTIONED

Department's Request for $360,000 Emergency Fund Starts Talk of Probe.

By The Associated Press

COLUMBUS, O., July 21—Chairman Emerson Campbell of the Democratic senate finance committee said today that the state welfare department wanted to use immediately a $360,000 emergency fund to put its finances in order, and suggested an investigation of the department's purchasing division.

The $360,000 was provided in the biennial appropriation bill for expenditure at the end of this year or 1938 when the department might run short of funds, Campbell said.

The request to spend the money immediately was made to the state board of control by Oakley Spaeth, assistant welfare director, the finance chairman added, and the board took no action on it.

"It would be breaking faith with the people to set up an emergency fund and then to use it right away," Campbell said. He remarked that Chairman Al Kalb of the house finance committee sided with him and predicted the department would not be authorized to use the special fund soon.

Officials of the welfare department contended, Campbell said, that the cost of foodstuffs for inmates of state institutions had risen sharply. For instance, he said, he was informed that the price of coffee had increased 100 per cent, and the cost of beans had almost doubled.

"I think it would be a good thing to investigate these increases and the department's purchases of foodstuffs," he added and indicated he would ask the welfare recodification committee to take such action.

Campbell remarked that employes of the welfare department had not been paid since June 1, but that this was due largely to delay of the legislature in enacting an appropriation bill.

The state auditor's office said employes in welfare institutions had gone unpaid since June 1 and the state owes them approximately $280,000.

BUCYRUS COUNCIL TO MAKE STORM REPAIRS

Street Work Authorized; Other Flood Damage Complaints Filed.

Special to The Star

BUCYRUS, July 21 — Bucyrus council at its regular session Tuesday night received complaints of water damage caused by recent heavy rains.

Complaints of insufficient sewer facilities were received from Mrs. [illegible] owner of the [illegible] occupied by the Woolery and from H. W. [illegible], owner of the building occupied by the Love restaurant. Other reports of washouts from heavy rains were referred to the service department.

To finance damages to sewers and streets caused by the recent rains the finance chairman, Fred Metzer recommended repairs be made and that money be transferred from the hydrant rental fund to pay for the repairs.

Council went on record as favoring the construction of a new bridge over Sandusky river on North Sandusky avenue and ordered a resolution prepared commending the county commissioners in their move to secure a bridge from the state department of bridges.

DELAWARE - MARION ROAD PLAN AIDED

City of Delaware Cooperates in Move To Level Off Route 23.

Special to The Star

DELAWARE, O., July 21—Cooperation with the state highway department in its contemplated improvement of the Delaware-Marion highway has been voted by the Delaware city council in passing a resolution to assume the cost of reconstruction and relocation of the city water main north of Delaware.

The highway department has proposed for some time to eliminate "dips" in Route 23 north of Delaware and construct a new surface. The city of Delaware is owner of the water system whose main line from the water plant to the city lies under the highway.

The resolution passed by city council provides that a certified check for the amount city engineers estimate the relocation and reconstruction will cost, is to be deposited with the state director of highways. Estimated cost of the relocation and reconstruction is $12,223.

JAMES SIDERS DIES AFTER LONG ILLNESS

Passes Away at Fountain St. Home at Age of 80; Funeral Thursday.

James Siders, 80, a retired laborer, died yesterday at his home at No. 5 Fountain street after a nine weeks' illness.

Mr. Siders was born Sept. 22, 1856, in Gallia county to Joseph and Mary Siders, natives of Virginia. He was married on March 22, 1883, in Gallia county to Miss Eva Palmer, who died Aug. 14, 1922.

Surviving are a daughter, Mrs. Cora Wilson of Flee avenue, three sons, Fred of Lee street, James Jr., of Jackson, O., and Lewis of Davids street and one brother, John Siders of Columbus.

Mr. Siders was a member of the Toledo Avenue mission.

The funeral will be conducted Thursday at 2 p. m. at the home and at 2:30 p. m. at the Asbury M. E. church. Rev. J. A. Smith, pastor of the Wesleyan mission, will be in charge. Burial will be made in the Pleasant Hill cemetery. The body may be viewed at the home.

MARION, WYANDOT PROJECT DELAYED

Opening of Road Bids Postponed Because Appropriation is Lacking.

Opening of bids on the proposed 221.153 improvement of the Marion-Upper Sandusky road from the junction of Route 4 north six miles to the Wyandot county line was postponed yesterday by the state highway director, John J. Jaster Jr., at Columbus because the appropriation for the department has not been approved by the governor, according to information received today by Herbert R. Krebs, resident engineer at Marion.

He said it probably will be necessary now to return the bids to contractors and readvertise for the project, setting a new time for the opening of bids. Several other projects in the state were similarly delayed yesterday.

The improvement was to involve pavement of a six mile stretch, 20 feet wide, with cold mixed and cold laid asphaltic concrete.

W. J. WEIR DIES NEAR CALEDONIA

Retired Farmer Was Father of Marion Woman.

Special to The Star

CALEDONIA, July 21—William John Weir, 77, a retired farmer, died suddenly after suffering a heart attack at his home one and one-half miles east of Caledonia yesterday afternoon at 4:30 o'clock. He had gone to the garden with his daughter to pick beans when he was stricken.

He was born Nov. 27, 1859, at Philadelphia, Pa., the son of John and Rebecca Weir, natives of Ireland. His wife, Ellen Elizabeth Rice Weir, died Sept. 20, 1912. Mr. Weir was a member of the Universalist church.

He is survived by two daughters, Mrs. O. D. Hummer of Marion, and Mrs. Grace Hatch, at home, and four sons, D. D. Weir of Crestline, Harley E. of near Galion, Ellery of Galion and Cecil, at home, and 17 grandchildren and three great grandchildren. He was the last of his family, two sisters and a brother preceding him in death.

Funeral services will be held at the home at 1:30 o'clock Friday and at the Universalist church at 2 o'clock, Rev. E. M. Druley will be in charge, and burial will be made in the Caledonia cemetery.

She was born Dec. 11, 1893, in Sandusky, and was married to George Glancy, who survives her on July 23, 1935. Also surviving her are her mother, Mrs. Katherine Hanley of Galion, a sister, Mrs. Ada Steelman of Springfield, and two brothers, Edward Hanley of Galion and William Hanley of Kent.

Mrs. Glancy was a member of St. Patrick's Catholic church, where funeral services will be conducted Saturday at 9 a. m. by Rev. William Killoran. Burial will be made in Mt. Calvary cemetery. Friends may call at the Glancy residence.

AUTO HITS TRUCK SOUTH OF MARION

An automobile driven by Merle Isenberger, 25, of Columbus, was damaged to the extent of about $200, when it crashed into the rear of a truck driven by James Smith, 28, of Detroit, Mich., this morning about 1:30 o'clock, on state route 23, five miles south of Marion, according to a report of highway patrolmen from the Marion substation.

Both the passenger car and truck were southbound. Isenberger told patrolmen that he did not see any light on the rear of the truck. The truck loaded with household furniture, was only slightly damaged.

CARS ON HIGHWAY DELAY ROAD WORK

Motorists Ignore Detour Signs and Hold Up $60,000 Project.

Work on the approximately $60,000 improvement of State Route 98 was held up at Waldo last night and today as a result of several automobiles and trucks passing around barriers and running over freshly laid crushed stone, Herbert R. Krebs, resident engineer at Marion, said more than 500 feet of the stone was displaced and will have to be reshaped.

Spreader boxes used on the stone were also ruined by the illegal traffic, he said. It is possible the work will be unable to progress until tomorrow as a result of the incident, he said. The motorists blocked by barrier signs at the junction of Route 23 south of Waldo cut through side streets and alleys coming into Route 98 farther south.

The road is also blocked at "suicide crossing" where Routes 98 and 95 join. The improvement, started July 5, is progressing rapidly and is expected to be completed in about four months.

An 11-mile stretch from Waldo to Route 30 five miles east of Marion will be repaved. Dunn & Roller Co. of Carey has been awarded the contract.

CONSIDER ALL-YEAR WEDNESDAY CLOSING

Straw Vote Among Grocers Favors Extension of Half Holiday Program.

A straw vote taken among 55 members of the Marion Food Distributors association last night on the question of all year closing on Wednesday afternoons showed unanimous approval of the plan Carl Campbell secretary reported today. The vote followed considerable discussion at the meeting in Druids hall and resulted in appointment of R. G. Smallwood as a committee of one to obtain the reaction of other types of stores to year around closing.

The association plans no definite action on the matter until the feeling of other stores is sounded. The year around closing would give approximately 150 clerks a half holiday with pay.

No further plans for picketing grocery stores in the city that have been keeping open on Wednesday afternoons were made. The organization last night however, pointed out emphatically that it had nothing to do with the breaking of several store windows in connection with picketing early this month. Mr. Campbell said the violence probably was committed by persons outside the organization.

Guy Schroeter resigned as a member of the board of directors and his place was filled by R. G. Smallwood who was appointed by Frank R. McDaniel, president.

Plans were made for a picnic for all grocers and food distributors of the city, their employes and families to be held next Wednesday afternoon at Sugar Grove. John Kinsler, E. P. Pearce and Curtis Guy were named a committee to arrange for entertainment.

Two new members were enrolled last night. The next regular meeting will be Aug. 17.

Your Health

Poisonous Plants.

In a recent bulletin of the New York state department of health there is a warning against the dangers of water hemlock. This plant is one of the most dangerous wild plants in the United States. It is said to have destroyed more human lives than all other poisonous growing plants combined.

During the spring and early summer many children and even adults are tempted to cut the attractive greens that grow along the countryside. The water hemlock is an attractive plant but is very poisonous as I have said. It closely resembles other varieties of the parsnip family, especially the carrot and parsnip.

As a rule it grows in swampy lands throughout the eastern part of the country but is also found as far west as the Rocky mountains. It has many branches and is covered with lacy white flowers. A fragrant oil is found in the spindle-shaped roots clustered at the base of the stem. The water hemlock is also known as cow bane, snakeroot, spotted hemlock, spotted parsley, snakewood, beaver poison and muskrat weed.

When a victim partakes of the plant violent contractions of the muscles with dilation of the pupils of the eye occur. Severe vomiting and diarrhea are other characteristic signs.

Whenever there has been poisoning by water hemlock or it is suspected a physician should be called immediately. Prompt medical care is of the utmost importance if a fatal result is to be escaped.

It is well to bear in mind that there are other poisonous wild plants. For example severe cases of poisoning are caused by the wild parsnip. This is a tall coarse leaved plant of the same species as the parsnip that is cultivated for table use. It grows well in waste places.

The potato family has several poisonous plants. The thorn apple is a sweet large leaved ill-smelling plant that grows large trumpet-like flowers and has fruit containing many dark seeds. Children are attracted to this plant and are poisoned by eating the pleasant tasting seeds found in the green capsules or by chewing the large blossoms.

Poisoning may also be caused by eating a cluster of white flowers and black, round berries a plant sometimes confused with the woody vine called "bittersweet." The fruits of the buckthorn yoke, barberry, English ivy and daphne are also poisonous and must be avoided.

LOCAL DEMOCRATS TO ATTEND PICNIC

Several Marion residents are planning to attend a Democratic rally Saturday at Buckeye lake in honor of the fifty-third birthday anniversary of Gov. Davey. Among those planning to go from here are Dr. C. J. Altmaier, chairman of the Marion county Democratic executive committee, and Herbert R. Krebs, president of the Marion County Democratic club.

Common Pleas Judge George D. Nye of Waverly, chairman of the arrangements committee, said a total attendance of 30,000 is expected. The program will begin at noon with a basket picnic and will continue until evening when Gov. Davey is to speak and a fireworks display will be staged.

The official title of the day is "Governor's Day."

STOKERS MAKING GREATEST GAINS

Recovery history is being written in the striking advance being made in the sale of automatic coal burners, states L. L. Bechtel of Bechtel & Son, local Iron Firemen dealers.

This is recognized as the fastest growing industry in America," he says. "Sales in 1936 were 80 per cent above those of 1935, which was the previous peak year. And this year's volume is running far ahead of last year's.

Impetus is being given the sales advance by the introduction of bin-feeding stokers, which make coal a completely automatic fuel. With these stokers coal flows from bin to fire with but intervention of a shovel.

"Due to increased inquiries and sales in Marion county we have been fortunate enough to secure the aid of Mr. B. L. Fisher direct from the Iron Firemen Factory at Cleveland. Mr. Fisher will spend the next three weeks with us, and invites any inquiry regarding your automatic heating problem.

Education Neglected.

She's a club woman, a reader of the best news periodicals, the leading magazines and books and she writes "Just Things." So it is no wonder her friends whooped when she admitted that she was amazed that a local hardware store was showing so many pencil sharpeners in the window. The pencil sharpeners were fishing reels.

Never Any Rest.

Just about time Marion women begin breathing easier because wardrobes have been assembled at last, shoe stores begin sales of white footgear—clearing out for the new fall stock—buyers in the department stores begin describing the new fall and winter materials and styles, and furriers' representatives bring forth new creations.

The Camera Helps.

A tremendous shock to the writer, who like most people regards movie stars as the ultimate in perfection was the statement of a Marion woman just returned from Hollywood that Clark Gable is about the only actor recognizable walking down the street. The others, says the woman, are in some instances not so comely shy when seen other than with the aid of the camera.

Grease paint, lighting and elaborate precautions against emphasizing the less perfect points of the stars' facial features give beauty to many of the actresses and can make almost anyone handsome she says.

As far as Clark Gable is concerned the Marion woman probably was able to recognize him because she was looking for him.

Lost for Good.

New to County Dog Warden Elmer Ullom recently was a method used by a resident of north of Marion to get rid of a dog. Mr. Ullom found the stray, a dishevelled gray little mongrel, wandering about aimlessly. Smeared over its muzzle was limburger cheese. Apparently the animal had been taken from home and the strong smelling cheese used to deaden its sense of smell so that it couldn't find its way home, Mr. Ullom said.

Plenty of Time for Shopping and a Matinee!

No worries about dinner—a modern range and refrigerator will handle that job perfectly!

What's on down town? Come down and see! Put your roast in the oven. Salad in the refrigerator. The day is yours until a quarter to six. Time to shop. Time for a show. Time to yourself. Isn't life wonderful? Woman's release. The modern kitchen.

How can you place so much trust in a stove? Easy. It's a nationally known make. There's thousands in use. Scientifically correct. Thoroughly tested. Completely guaranteed. Sold by a local dealer. He likes his customers. Customers like his good reputation.

Where do you learn so much? Again easy. The Star. It says so there. In the advertising. All about everything. Time and again. Regularly advertised goods always a value. Stoves, refrigerators, oranges, dresses, plumbing — same holds true. Buy from him who tells his story in the Star. It MUST be a good story, honestly told, about something worthwhile.

Bulkley, supporter of President Roosevelt's court reorganization program, said Barkley would seek to carry on where Robin on left off.

Donahey is among the opponents of court reorganization.

POSTOFFICE HOLDUP CONFESSION GIVEN

U. S. Holds Columbus Man in Laurelsville Robbery

By The Associated Press.

DETROIT, Mich., July 21—Roy La Forge, federal postal inspector, said today that LeRoy Bussart, 35, Columbus, O., insurance salesman held by Detroit police had admitted the hold up June 28 of the Laurelsville, O., postoffice.

Police Sergeant Barney Seleske said Bussart was arrested July 10 when he attempted to pass money orders listed as stolen from the Laurelsville postoffice at a down town department store.

Bussart at the time of his arrest was registered as John Mead. He left his home in Columbus last week. His wife there reported him missing last Thursday.

Late Monday a parking lot attendant reported to police here an automobile he said had been unclaimed since Friday. It was identified yesterday as belonging to Bussart. In it police found a rifle and some car ridges.

Bussart, Inspector La Forge said, once served a term in the Statesville, Ill., reformatory for an automobile theft.

TRUMAN NEW TRIAL MOTION OVERRULED

the facts argument, pointing out the weight of the evidence is on the side of the defendant.

1. That in the Park boulevard house money wrappers with the initials S. W. T. were found and that similar ones were found in his possession.

2. That he was in the vicinity of the house when he brought Miss Anna Welchhold the afternoon of the said robbery and that she had a roll of bills in her possession.

3. That there was evidence found on April 28, 1937, that some individual had won $550 by guessing the correct stock or bond number according to papers found at the home.

Mr. Carbar also pointed out that Truman not only failed to testify in his own behalf at the trial, but also did not introduce any evidence.

Rebuttal Arguments

Mr. Smith in rebuttal said the initials W. T. might be of another person and that "so far as the defendant is concerned this case be a fixed proposition just as easy as no."

He said that anyone might have been in the vicinity of Park Boulevard at the time. In regard to the evidence of the person winning $550 he said that fact is no proof as there had been a collection or pattern of money.

IRISH FREE STATE RETAINS DEVALERA

By The Associated Press.

DUBLIN, July 21—Eamon De Valera was reelected president of the Irish Free State today by the new dail parliament by a vote of 82 to 42. It will be his third term.

William T. Cosgrave opposition leader vigorously opposed the election contending that the majority of votes cast in the recent general election were against De Valera's policies.

Cosgrave also condemned the new constitution which severs the last link between the Free State and Great Britain and changes the country's name to Eire (pronounced airy).

The court approved the constitution in election early this month. De Valera's party won 69 places in the dail eireann, lower house, the same number taken by all the other parties together.

WATER RATE HEARING ENDED AT COLUMBUS

(Continued from Page One)

...panys gross income annually from $195,630.10 to $165,500.

Weiland in making the computations figured the company received $40,516.84 to operate in 1936 as compared with $86,709.41 claimed by the company. He also used as a valuation on the company's assets fixed by the council's engineers in lieu of the $1,241,230 figure fixed by the company. The adjustments account for the difference in his estimates of the rate of return to the company under present rates and how it is fixed by council as compared with the company's estimate. Company engineers estimated the rate of power rates would yield a return of only 4.06 per cent and contended the present rates yield a return of 4.01 per cent.

In adjusting the new sewage operating expenses to a level he marked as fair, Mr. Weiland slashed $3,047.86 from the amount the company contends is necessary for supplies and expenses of purifying and softening the city water, $2,050 from the item of fuel, $1,703.71 from the steam pumping expenses and smaller amounts from a number of other items.

Mr. Grant's testimony was chiefly legal and technical and related chiefly to the method he used in computing the replacement value of the structures.

Hearing Lasts Three Days

Testimony in the case was given in three crowded sessions before the commission. The first two days of testimony were given on May 11 and 12, the commission then adjourning to give its engineers time to make an appraisal and financial study of the records of the company in view of the city's failure to buy an appraisal made. Yesterday's session was devoted principally to the engineers' reports of their studies.

The Marion hearing occupies an unusual place in the commission's records in view of the fact it was one of the first cases in recent years in which the commission was obliged to take responsibility for *challenging* the company's testimony as well as presiding as a board to decide the case. Commission members at the time they ordered their engineers to make the study here said it was unusual for a city to appear in a rate case without preparation for challenging the testimony of the company in regard to the valuation of its property.

The city's only testimony grew out of a financial study and audit made by L. W. Wood, Marion certified public accountant, who used the company's records as a basis for his study. He challenged a number of items in the company's records of operating expenses and submitted three possible plant valuation figures ranging from $1,146,676 to $1,510,000 but these were computed entirely on book value figures rather than appraisals made from an inspection of the plant and apparently were given little consideration by the commission.

The commission apparently took cognizance of the city's water rate problem as outlined by the city growing out of a decrease in the consumption of water and resultant loss of revenue to the company following an increase in rates in 1926. However when the city contended the company had driven away more than $30,000 in annual revenue from industrial plants by raising rates to a level that forced industries to drill their own wells, the commission reminded the city that city council had approved the 1926 rate in a settlement that the increase was not ordered by the commission. Furthermore it heard testimony by George W. Biggs Jr., chief engineer for the American Waterworks & Electric Co., which operates the Marion plant, that the industrial business could not be regained by a reduction in rates. He asserted the company will have to build its revenue-producing program from the future with the industrial revenue out of the picture.

Expense of Softening

Another point given consideration is the fact Marion has unusually hard water and that considerable expense is involved in softening it to the present level of not more than 12 grains a gallon. The company contended it went to considerable expense to install softening equipment and has a constant expense for chemicals used in treating the water and should be reimbursed for this expense. Softening was begun in 1928.

When the city suggested that the company try to build up its volume of business by decreasing rates in a gesture to encourage the use of more water (for sprinkling, ...

TWO RESCUED FROM BUCYRUS RESERVOIR

Special to The Star

BUCYRUS, July 21- Two Bucyrus youths, Donald Mason and Burnell Laughbaum, were relating today how they rescued from drowning a Crawford county farmer and his woman companion, who drove over the embankment at the old reservoir on Plymouth street early Monday while on a drinking party.

The youths and witnesses to the near tragedy declined to disclose the names of the couple but agreed they were intoxicated when their car careened into the reservoir and into 10 feet of water.

Artificial respiration was applied to both man and woman after the two youths had dived into the water fully clothed to bring them to the surface. Approximately 15 minutes of work were required to return them to consciousness, the boys stated.

"WOULD LIE AWAKE TILL EARLY MORNING" SAYS POPULAR LADY

So nervous was impossible to get to sleep. Often felt dizzy and joints ached. Tells how Vendol gave marvelous relief from constipation, then other troubles disappeared.

MRS. MAE JACKSON

"I tried every medicine recommended to me, but I got no lasting relief until I heard of Vendol, so I started on this great remedy and now I feel better than in years," said Mrs. Mae Jackson of 2366 Bulean Ave., Columbus, O.

"My nerves quivered so bad that I couldn't get to sleep and many a night I'd lie awake till early morning then drop off into a light sleep. This nervous condition was wearing out my health and I never felt it but began to show it in my face.

"I was told that many things were wrong with me, but the fact remains that after Vendol relieved my constipation, got me to moving every day, all the other troubles disappeared. I used to feel so dizzy that every time I bent over I'd have to hold something to steady myself.

"My back used to ache and my elbows, arms and ankles had shooting pains in them but after Vendol cleansed the poisons from my bowels, all these aches and pains were relieved.

"I haven't had a dizzy spell lately and I enjoy sound, restful sleep every night. I feel better and my friends say I'm looking better and all the credit is given Vendol for my wonderful improvement.

People often think they have rheumatism, neuritis, kidney trouble and a host of other ills when nine times out of ten they need is to keep their bowels moving and not allow poisons to back up. Vendol will do this painlessly and effectively.

Vendol is sold by all leading druggists everywhere and is highly recommended here by Henner & Cooper, Druggists.—Adv.

She decided impulsively to take a chance on getting out of the mountains before dark. The trail was well defined that there was small danger of getting lost, and now that she was here, it was foolish not to study every possible phase of the situation.

Starting along the water's edge, she came after a hundred yards or so, to such thick brush that she almost decided to turn back. As she peered ahead, however, she noticed several twigs that had been snapped off short, and pushed on with a fast beating heart.

Her excitement quickened as she thought she saw more evidences that someone had pene-

trated the brush fairly recently. Although it seemed impossible that any wounded man could have made such rough going, she persevered, and finally reached the clearing.

The old prospector's cabin stood at the end of it, deserted and forlorn, with its sagging boards and dark background of pines.

Giving way to curiosity that this relic of the past raised in her, Kay determined to investigate. The intense silence, broken only by the gentle rustling of the tree tops, led her to steal forward on tipoe, so as not to disturb the magic hush.

She noisily crossed the clearing and stopped for a moment at the boarded up window, before going around to the door. Cupping her hands about her face, she put her eye to a crack.

The Black Haired Beauty

Kay managed to stifle the amazed gasp that escaped her at the extraordinary sight that met her eyes, but she stood rooted to the spot, gazing with hypnotic incredulity at what she saw.

Her heart beat in uneven, suffocating jerks, and a blaze of color flooded in her cheeks.

Stretched on the cot, some what pale, but evidently all right, considering the animated way in which he was talking, Ted reclined, his head half turned from her toward a dark haired girl who sat beside him, with her hand gently laid on his

Kay couldn't hear a word of what they were saying, but it was obviously an engrossing talk.

Bright points of light flickered before Kay's eyes and a strange buzzing sounded in her ears as she gazed, as though petrified, at the unsuspecting couple before her.

Tom Runyon's words, describing Ted's fight at Kelly's, came back to her: "He won't mind boasting about it to the black haired beauty he was fighting for!"

So, it was true, then! All that time that they had been riding back in the sunset, with the pressure of his arms tightening about her, had seemed the expression of the emotion she had thought was sweeping over them both, his thoughts had really been on another girl! And the first minute he could, instead of coming back to Kay as he had promised, he had gone to her rival.

A stifled sob broke out in spite of her, and Kay saw the girl inside raise her head in sudden inquiry, and listen.

Kay shrank back from the window, and ran into the grove of pine trees that half circled the cabin. Panting as though she had been running a long distance, she bit her lower lip, and stood with her hand pressed against her heart, as she peered out.

The next instant, the willowy figure of the dark haired girl appeared on the steps of the cabin. She stood for a moment in a listening attitude, and Kay had an opportunity to take in her oval face, with its rather sad but sweet expression, and the transparent whiteness of her skin against the glossy black hair that dipped in soft waves on her forehead. In a moment she vanished inside.

One More Look.

Impelled by a wild surge of emotion that was stronger than anything she had ever felt in her life before, Kay could not resist creeping back to the window for one more look. It couldn't be true! She must have dreamed this nightmare!

Hardly recognizing herself in the grip of the jealous misery that possessed her, Kay watched Marion's smile as she held her hand on Ted's forehead. Then, as she turned and moved over to the tiny stove, Kay shrank away and ran quickly back across the clearing.

She blindly pushed her way through the thick undergrowth that separated her from the spot where she had left Flicker, her mind seething with inarticulate thoughts and tumultuous emotions. She was incapable of consecutive thought, her one intelligible idea being to get away, as fast as she could, and never let any one know what she had seen.

Forcing her way on with relentless energy, she at last came out on the grassy space that surrounded the head waters. The sluggish water that had seemed so mysterious and wonderful in the sunlight looked dark and sinister in the fading twilight. A few streams of color from the afterglow of the sunset still streaked the sky, but the faint gleam of a planet and one or two stars told of the near approach of night.

Still animated by her wild desire to get away, Kay fell, without consciously noticing it, the changed aspect of the place, and a shudder ran over her, as she reached Flicker and prepared to mount.

As she swung into the saddle, her eye caught the fatal spot where Scrap Johnson's body had been found. Her overwrought nerves caused an involuntary cry. She gave Flicker a touch of her heel, and they raced through the narrow pass and pointed down the trail at a headlong pace.

Kay falls from her plunging horse onto the black, rocky trail, tomorrow.

—The— Marry-Go-Round

BY HELEN ROWLAND

THE LOCK IN WEDLOCK

It is sheer waste of time for a man to spend weeks assuring a girl that she appeals in his mind—only to lose out to the first casual Lothario who spends five minutes telling her that she "goes to his head."

• • •

A man's little weaknesses make his wife feel sorry for him; a wife's little weaknesses make a man feel sorry for himself.

• • •

If the average man would exercise as much ingenuity and enthusiasm in putting the flavor and piquancy into marriage as he does in putting the kick into a cocktail, good old wedlock would be a lot more stimulating and far less humdrum.

• • •

World unrest is nothing new. It all started back in the Garden of Eden when the first woman handed the first man something to eat that disagreed with him and made him want to fight, without knowing why.

• • •

Many a husband is so uncommunicative about his business affairs that when he dies all his wife knows about him is that he was a good provider, liked his eggs cooked three minutes, and voted the straight party ticket. His lawyers have to tell her the rest.

• • •

A woman gets the same pleasure out of window-shopping that a man derives from looking over the pretty girls on the beach; but no married pair ever succeeded in convincing each other that such "sight-seeing tours" were purely academic.

• • •

Somehow, the simple fact that a woman married him seems to be positive proof to a man that she couldn't possibly be interested in any other man; whereas, the fact that a man married her, seems to make a wife suspect that every other woman is interested in him.

• • •

A man may not be half as wonderful as his wife thinks he is—but so long as neither of them finds it out, the marriage is bound to be happy.

• • •

In these days, when every girl can make a living if she chooses, and every man can take a bachelor flat and make a "home," sad as it may seem to the cynics, there seems nothing left to marry for—except love.

• • •

Virtue is its own reward—but so is bigamy.

Marriage Meddlers

BY ADELE GARRISON

Dicky Offers to Spy on Youths Who Are Trailing Carolyn and Marion.

ILL RADIO Mars and the other planets that you "flagged the train," Dicky declared when our husbands had finished their almost uproarious laughter over Lillian's account of the way she had averted a meeting between the Canadian collegians, trying to find our party, and the two girls who were the objects of their romantic quest.

"You are probably the most convincing liar in the state and commonwealths adjacent," he went on. "I'll bet those girls are debating yet whether it was a very dead cat or a very live skunk that you discovered in the yard outside the other restaurant. And they're probably concluding that they must have some serious nasal affection which kept them from detecting the odor you so palpably smelled. Sapphira, Sapphira, push your husband off his pedestal and climb on! He's been doubling for Ananias there many years now, but you have him beaten a thousand ways to the jack."

"Thank you," Lillian said, adding demurely: "A tribute from an expert is always welcome."

"I'm pretty good," Dicky acknowledged, "but never in your class. But, tell me, do you think you've thrown the pursuers off the track?"

Not So Certain.

"I don't know," Lillian said unexpectedly, for she usually is most decided. "What do you think, Madge?"

"I should imagine we have," I said slowly. "They probably have been inquiring about us, following the 'teeny weeny hint' that Carolyn gave them. When they didn't get any clue to our whereabouts, they probably stopped in that restaurant for something to eat before starting back to Canada."

"Good reasoning, Lady Fair, but not infallible," Harry Underwood declared. "They may like this neck of the woods so much that they plan to stay a day or two. Then it's about 50-50 that they run into the girls sooner or later."

"That's true," I said despondently, and I saw my husband send a quick glance to my direction.

How About Detective?

"Cheer up old dear!" he said, and there was that in his voice which made me realize that he comprehended and appreciated the partisanship for his orphaned nephews which had motivated my scheme for sidetracking the Canadian boys. "How would you like to get a real detective stiff on the job?" Mr. I have my diploma from the best detective stiff correspondence school in the country."

His memory of our fanciful but temperamental maid Kittie was a strain on our nerves, but Lillian looked keenly at him.

"Explain!" she said.

"Elementary, Watson!" he quoted loftily. "If you know their car they probably know yours now or pas."

"Correct. They do."

"But they have no way of knowing which ours is."

"Check again."

Dicky's Plan

"Then," said Dicky triumphantly, "as they don't know me from Adam's off ox—and I've often wondered just what that animal looked like—I can motor back to that restaurant in my car do a little judicious tippings go in if there is there, and find out which direction they went, if they're not. If I have any luck, and they're still there I'll outstay them and trail them when they go until I find out whether heaven's their destination, or some other place. At any rate I'll have a definite report to make."

"But its so much trouble!" I expostulated.

"Trouble!" he echoed gaily. "A drive through this beautiful night! The moon is full, stars low near enough to touch. If only you were along, we'd touch those stars."

His words and voice were bantering, but there was an undertone that tugged at my heartstrings. But Lillian forestalled any reply I might have made.

"That's a good idea of Yours—probably your first in a year," she told him. "But you'll do your detective stuff alone this particular trip. I have a sort of hunch I'm going to need aid and support before this evening is over, and I don't want Madge to go away."

RADIO PROGRAMS HONOR MARCONI

The voice of Guglielmo Marconi, inventor of the wireless that ultimately became radio, was not unfamiliar to American listeners. He had spoken 16 times since 1929 until his death yesterday. Both NBC and CBS had memorial programs yesterday and a minute of silence was to be observed today at most simultaneously with the state funeral in Rome.

Tonight's programs: Rep. Jennings Randolph on "New Industry to Employ Millions" at 9 p. m. over WJZ NBC; Herbert Emmerich at 9:45 over WABC-CBS on "How Farm Credit Union Helps."

Tomorrow will bring the Harvard Summer school series at 3 p. m. over WEAF-NBC; theater matinee at 2 p. m. over WABC-CBS and a 4-H club program at 12:30 over WJZ NBC.

... in the average sale ... land in Marion county also is shown by the report. The average value per acre of land which changed hands in the year just ended was $57.19, as compared to $48.12 the year before. It was pointed out, however, that this valuation is based to a considerable extent on forced sales, such as sheriff's sales and transactions made to settle estates, and that it does not represent an exact appraisal of the average price per acre of farm land.

Seventy-six tracts of agricultural land, totaling 4,830 acres, changed hands in the year for a total consideration of $276,279.43, while 442 deeds to city property were given for a total consideration of $551,335.23. In addition there were 1,220 transactions listing only nominal consideration of $1, making an aggregate of 1,739 realty trasfers in the year.

Mortgage cancellations increased in number but decreased in the amount involved as compared to the previous year, Naher's report shows. Cancellations in the year just closed numbered 817, for a total of $1,058,566.93, while 761 mortgages, totaling $2,054,673.11, were cancelled the previous year.

Fifty leases, all but four of them for city property, were filed this year, for a total consideration of $289,602.64. The year before, only 19 leases, involving $22,679.88, were filed.

BEING TRIPLETS NO FUN, OHIO TRIO SAYS

Sisters, 11, On Farm Near Elyria, Cite Disadvantages.

By The Associated Press

LORAIN, July 21—Triplets Joy, June and Janet Mills say "It's terrible" being "three of a kind."

Joy said one thing they could be thankful for was that they were not quadruplets or quintuplets.

"Too many people ask you your name too many times," added June.

"We are tired of answering to 'Hey Trip'," complained Janet.

The 11-year-old girls live on a farm near Elyria, wear their straight, blond hair cut short and parted on the same side, and they dress alike. All have blue eyes.

Even their mother has trouble keeping things straight.

"I had to post a daily chore chart," she said. "I would tell one to do something and forget which one I told when it wasn't done."

Although the girls look and act alike, they differ in their ambitions.

Janet, who likes to wear overalls and work around the barn, wants to go to college and learn to run a farm. Jean wants to become a saleswoman. Joy said she intends to take up nursing.

VENDORS CALLED ON FOR REPORTS

Some Have Not Complied With Tax Law, Examiners Say.

A request that Marion county holders of sales tax vendors' licenses who have not filed their reports for the second quarter of 1937 do so as soon as possible was made today by sales tax examiners for Marion county.

The reports were due July 15 and a good percentage of them were filed by that date, but there are quite a number still out, the examiners said.

An estimate on the number of reports filed in Marion county is not yet available, it was explained, since returns were sent direct to Columbus by some vendors, others being filed with the examiners in their headquarters in the county commissioners office in the court-house.

ISAAC W. STUMP DIES AT BUCYRUS

Special to The Star

BUCYRUS, O., July 21—Isaac W. Stump, 72, a retired farmer, died last night at his home in Bucyrus. He had been ill for the last year and a half. He was born Aug. 25, 1865, in Whetstone township, Crawford county, and was married twice, first to Miss Lydia Luet who died in 1906 and in 1910 to Miss Caroline Lutz who survives. Also surviving are three sisters, Mrs. Mary Hauer and Misses Ella and Hattie Stump, all of Bucyrus, and two brothers, J. E. Stump of Bucyrus and S. W. Stump of near Bucyrus. The funeral will be conducted Friday at 2 p. m. at the Munz funeral home. Burial will be made in the Oakwood cemetery.

STORK, REAPER IN CLOSE RACE

44 Births and 43 Deaths in Marion County Last Month.

Births outnumbered deaths by the narrow margin of one in Marion city and county last month, according to reports from the offices of Dr. M. M. Weinbaum and Dr. N. Sifritt, city and county health commissioners.

Births totaled 44 and deaths 43. Of the 44 births, six occurred in the county and 38 in the city. Four girls and two boys were born in the county, 25 boys and 13 girls in the city. Thirty-seven deaths occurred in the city and only six in the county.

Dr. Weinbaum reported that eight city residents died of heart disease, four of pneumonia, four of kidney diseases, three of peritonitis, three of fractured skulls, two each from still-births, uremic poisoning, strokes and hemorrhages. And one each from shock, blood-poisoning, edema of the lungs, hardening of the arteries, carbolic acid poisoning, intestinal obstruction and exhaustion.

Dr. Sifritt reported one death in the county due to a stroke, one to a skull fracture, two to still-births, one to uremic poisoning and one to apoplexy.

HIGHWAY EMPLOYES SET PICNIC FRIDAY

Krebs, resident engineer in Marion, Mrs. Krebs, Clyde G. Porterfield of Waldo, maintenance superintendent here, and Mrs. Porterfield will be among the approximately 100 expected to attend from Marion county.

INDIANA SCHOOL MAN IS ROTARY SPEAKER

"World Conditions" Subject Discussed at Meeting of Luncheon Cluub.

"World Conditions," was the subject of Donald C. Ward, superintendent of schools at Union City, Ind., who spoke yesterday at the weekly luncheon meeting of the Rotary club at Hotel Harding. With the theme, "don't despair of democracy," Mr. Ward, who has been in school work for 21 years, gave his listeners brief sketches of conditions and situations existing in leading nations of the world.

"When will the next war begin, and will the world permit a minority to force it into conflict, are the two most important questions facing democracy today," the speaker said. In his answer to the first, he related that history indicates that wars come in 30-year cycles, and it seems hardly plausible that the nations are ready for another major conflict.

"In the world today, every one with the exception of two classes, the dictators and munition makers, are against war," Mr. Ward said. The dictators would have war to add to their territory and power, while the munition makers would like to capitalize on it, he said. United States today stands as the great leader of democracy and America is the hope of the world in setting the examples of government and stability.

Mr. Ward was introduced by E. N. Sloan. Guests attending the luncheon were Paul Purcell, formerly of Marion and now southwestern representative of the Marion Steam Shovel Co. at San Antonio, Tex., and Elmer Weimer of Marion. Fifty-five members attended the luncheon.

VETERAN LARUE AUCTIONEER ILL

"Colonel" Willis Clark, veteran auctioneer and a real estate dealer, is reported to be critically ill with heart trouble and infirmities of age, at his home in LaRue. He has been bedfast for 10 weeks. Little hope is held out for his recovery. Mr. Clark is the father of Mrs. Hazel Donaugh of 1914½ East Center street.

Permits from the air ministry are required in Germany by children who fly kites more than 300 feet above the ground.

Slapping out 10 hits off two Fremont pitchers while Gene Morris let the opposition down with five Marion's Ohio State league baseball club went to town at Fremont yesterday afternoon to turn in an 8 to 3 victory over the Reds

The defeat was the eighth straight suffered by Coach Hap Bohlin Cincinnati farm hands Although winning Marion dropped to five games behind first place as the result of Mansfield's fifth victory over the cellar position Fostoria Red Birds the Red Sox took the first game 12 to 0 and the second 12 to 2 In the only other circuit contest Findlay edged Tiffin 5 to 4

Stan Platek Bill Mulvihill and Manager Carlyle Geygan clicked Marion's 10 hits which accounted for a total 18 bases Catcher Mulvihill was credited with three singles in as many trips to the plate Platek got a single double and triple in five attempts and Geygan a triple and home run in four times at bat

Scoring Starts Early

Marion broke into the scoring column in the first inning by tallying three runs on three hits Stieve the lead off batter struck out Fuller was passed before Platek slammed out a double Curt Bateman's single scored both runners and the batter advanced as Kauffman grounded out Sweet was shaved across by Geygan's single to center to give Marion a three run advantage at the start of the game

Stan Platek's hitting came at the two moments it counted most His triple in the third which sent Geygan into left center scoring two runs at a time when the score was tied at 3 to 3 The right fielder's next appearance at plate was in the fifth when he singled to left the batter advanced to second after two batters were retired scored Geygan's circuit drive over the left field fence

Fremont's hurler Gardner got his start one of their ace mound men was just another pitcher to the Geygantes who continued to pile up hits and runs off his offerings Marion's final run coming in the sixth when Fred Kauffman who crossed the plate on Stieve's single to center Meanwhile Gene Morris hurled shutout ball until the last of the sixth when two walks a single and an error gave the Reds a pair of runs

Morris gained in three strikeouts to nail Fremont's rally before it reached the batter's point Morris walked the first two batters Hickson and Spinetti then fanned Vavrek Cooch Bohl singled to center to score Hickson Jablonski's bounder to Stieve rolled up the shortstop's arm and his throw to second was wide permitting Spinetti to score With runners on second and third Morris fanned the next two potential hitters Bottock and Hribernik

Team Looks Good

Fremont's third tally was scored in the seventh as Hribernik walked stole second and scored when Isleman batting for pitcher singled The Geygantes looked flashy in what was their first performance this week and each today were eagerly awaiting the opportunity to invade the home park of the league leaders Mansfield's Red Sox

Results that the Ohio State league's two outstanding pitchers would engage in a mound duel when Mansfield and Marion meet this afternoon was seen in the fact that Marion's Gordon Mann and Mansfield's Scheidmuller were both ready to take their turn on the mound today Both hurlers has suffered but one defeat this season Mann being credited with nine victories and Scheidmuller with 10

At Mansfield yesterday Blacke Rochevo Red Sox righthander ties the league strike-out record when he fanned 14 in hurling the Sox to a 12 to 0 victory in the first game of a doubleheader

Walt Bob O'Brien allowing but two hits gave the Boston farmhands took the nightcap 12 to 2 In the second game the Sox hitters collected five home runs

Findlay won over Tiffin yesterday as the Browns hurler Butsko toiled in the ninth with the bases filled to turn the tide of the battle The final score was 6 to 5 and the Mud Hens twirler limited the Brownies to eight hits while the Hens garnered eleven off Butsko The scores of yesterday's games follow

TEN-INNING GAMES THICK IN MAJORS; INDIANS LOSE, 7-5

Giants Edge Reds, 4-3, in Overtime Play, Lowly Athletics Sink Tribe

By Bill Boni
Associated Press Writer

Trying to catch the galloping Yankees these days is about as hopeful a task as trying to keep up with Gar Wood in a one lung outboard PJ you can't rule the White Sox out of the Tigers off the track for trying and both of them are going

The Sox having won six in a row to maintain their place as runners up to the champions now six and a half games in front

The Tigers have won five straight since handing the Yanks the lone setback of their current road trip

Both have been having fairly easy pickings the last few days The Sox caught fire the Red Sox and now the Senators in the throes of a losing streak making it ten defeats in a row for the Nats yesterday with a 4 3 triumph in 10 innings Thornton Lee gave up 10 hits but fanned eight in hanging up his fifth triumph

The Red Sox aren't proving too tough for the Tigers either The Hub crew was up in second place last week but has hit the skids again that 10-inning 10-9 lickING by Detroit being its fifth in a row

Even the fact that Jimmy Foxx chimed in with two homers his nine and twentieth and that Colonel Mills and Eric McNair came up with one each couldn't save the Sox Al Thomas working out one inning as a relief pitcher for the second straight day lost his second straight decision while Rookie Lawson who hurled only one heat for the Bengals gained credit for his twelfth victory of the year

The extra inning virus even affected the Yanks who won the opener from the Browns in the tenth 5-4 then belted four St Louis flingers for eleven hits to win the nightcap 9 6 Joe DiMaggio's 25th homer was the big blow in the first game but shared importance with Tom Henrich's peg from right field that completed a double play after the Browns got three men on with only one out in the tenth

The other American league game saw George Caster go the route while his fellow Athletics bagged 15 hits off four Cleveland pitchers to win 7 5

The Giants climbing back to within half a game of the second out Cubs and the Dodgers also needed 10 innings to win Cliff Melton held the Reds to five hits as the Terrymen copped 4 3 for their eighteenth victory by a one run margin against nine defeats and Max Butcher tamed the Pirates with eight safeties to give Brooklyn a 2 1 decision

The Cardinals striking veteran Guy Bush on one of his better afternoons threw in a few mid-plays of their own and bowed to the Bees 5-3

DRAKE'S TAVERN TEAM DEFEATED

Drake's Tavern softball team dropped its second game in 12 starts last night at Shelby by falling before the Shelby Cycle Co team 9 to 4 The winning club nicked three Tavern hurlers Rice Reidebaugh and F Robbins for 10 hits Friday night at 6 15 Drake's team will entertain the Bucyrus Swan Rubber Co club at Garfield park The score by innings of last night's game follows

NEW YORK July 21—When John A Heydler of baseball's president of the National league goes to a ball game here today he'll sit in the bleachers to get the real low down He doesn't know it yet but Manager Bill Terry of the Giants is going to get a big surprise Some folks think the joke would go good over the air Young Mr Dempsey Budge played himself a game of tennis today he looked like Johnny Proska is all washed up with the Yanks Joe McCarthy says Johnny (who jumped the team) will never throw another ball for the Yankees

Giant flag chances have been hard hit with scrappy Dick Bartell Gus Mancuso and Harry Danning all on the shelf at the same time and the Cubs due day after tomorrow Danning is working with a bad ankle however Indiana's 1938 football schedule just out shows the Hoosiers open against Ohio State Ouch If little Henry Armstrong keeps on belting 'em out who'll be left for him to fight?

* * *

Henry's fists may punch him right into the all-star ranks Jake Jacobs is living up for September 17 Parnell Poss is scheduled to defend his welterweight title against Ceferino Garcia but should Bobby Pacho beat Garcia in the Garden Thursday night there'll be no one left for Barney to fight So Mike will try to put Armstrong against Pete Sarron the N B A featherweight champion

COLUMBUS GIVES UP LEAD TO MILLERS AS INDIANS WIN, 4-1

Red Birds Fall Half Game Behind in Association, Minneapolis Downs Brewers

By The Associated Press

CHICAGO July 21—The American association leadership so easily that no team has been able to hold it for more than a few days at a time belonged to Minneapolis again today

Doyle Bushs club squeezed back into the top seat last night by clouting Danny Boone and Nearhoball for 13 hits and a 9 to 4 victory over Milwaukee while Columbus was losing a 4 to 1 decision to the up and coming Indianapolis Indians The combine for seven knocks boosted Minneapolis to a top a half game ahead of Columbus

Columbus outhit Indianapolis 9 to 7 but Pat McLaughlin kept the Red Birds hits scattered The Indians bunched their hits off Wilton Cooper in the third and fourth frames

Toledo remained close up in the leadership scramble by trimming Louisville 7 to 5 The Mud Hens collected 10 hits off Fred Shaffer and Jim Peterson while Dizzy Trout and the veteran Fred Marberry yielded nine

Joe Vance who held Milwaukee to one hit last Friday was no puzzle to St Paul and the Saints made it two straight over Kansas City 11 to 5 The Saints slammed Vance for 16 hits including a homer double and single by Will's Norman who drove in four runs
